# Mengakses Edpuzzle

The screenshot shows the Edpuzzle homepage. At the top, there's a navigation bar with a lock icon, the URL <https://edpuzzle.com>, a star icon, and download icons. Below the bar, the Edpuzzle logo is on the left, and a search bar contains the text "Ketik edpuzzle.com pada peramban". To the right of the search bar are links for "Schools & Districts", "Open class", and a "Log in" button. A large yellow circular graphic on the right features a cartoon character of a man with glasses and a pink shirt, reaching up towards a red apple. The text "Make any video your lesson" is prominently displayed in the center-left, with a subtext below it: "Choose a video, give it your magic touch and track your students' comprehension." A blue "Get started" button at the bottom left is highlighted with a large blue curved arrow pointing to it. The footer includes the email address [amri@uny.ac.id](mailto:amri@uny.ac.id) and a Creative Commons license logo.

# Mengundang siswa ke dalam kelas

The screenshot shows the Edpuzzle teacher dashboard. On the left, there's a sidebar with 'Discover', 'My Content', and 'My School' options, followed by 'MY CLASSES' which lists 'Creative Teknologi dengan ...' (with a blue numbered box '1' over it) and 'ARCHIVED'. Below 'MY CLASSES' is a button labeled 'Pilih kelas'. In the main area, the title 'Creative Teknologi dengan Edpuzzle' is displayed above a video thumbnail. Below the video are tabs for 'Assignments', 'Class members' (which is underlined in yellow), and 'Gradebook'. Under 'Teachers', there is one entry: 'Febrianto Amri Ristadi'. To the right of the teacher list are buttons for 'Lock classroom' and 'Invite students'. A blue numbered box '2' is placed over the 'Invite students' button.

# FITUR URL ELITAG

The screenshot shows a web browser window for the ELITAG E-Learning platform at [elitag.unTAG-sby.ac.id/course/view.php?id=14150#section-2](http://elitag.unTAG-sby.ac.id/course/view.php?id=14150#section-2). The page content discusses Quizizz and Edpuzzle technologies and provides instructions for adding URLs to course resources.

The URL module enables a teacher to provide a web link as a course resource. Anything that is freely available online, such as documents or images, can be linked to; the URL doesn't have to be the home page of a website. The URL of a particular web page may be copied and pasted or a teacher can use the file picker and choose a link from a repository such as Flickr, YouTube or Wikimedia (depending upon which repositories are enabled for the site).

There are a number of display options for the URL, such as embedded or opening in a new window and advanced options for passing information, such as a student's name, to the URL if required.

Note that URLs can also be added to any other resource or activity type through the text editor.

A dropdown menu is open, listing various resource types. The "URL" option is selected and highlighted with a red box.

Below the dropdown, there are "Tambah" and "Batal" buttons, and a "Ubah" button with a dropdown arrow. A status bar at the bottom says "Tambahkan sebuah aktifitas atau sumber daya".

# FITUR URL ELITAG

The screenshot shows the ELITAG course management system interface. The left sidebar has a red header "Administrasi" and a list of options: Administrasi Matakuliah (Ubah Pengaturan, Course completion), Umum (Pengguna, Filters, Laporan, Pengaturan buku nilai, Badges, Backup, Kembalikan, Impor, Set ulang, Bank soal). The main content area has a title "Menamakan dari URL ke Interactive Technology dengan EdPuzzle". It shows fields for "Nama" (Contoh Link Penugasan Video) and "External URL" (https://edpuzzle.com/assignments/6159e6727960f7412ae00377/watch, Choose a link...). A rich text editor toolbar is below the URL field. A large text area contains the instruction: "Simak video berikut. Jawab pertanyaan yang diberikan dalam video tersebut!". At the bottom, there's a checkbox for "Tampilkan deskripsi di halaman kursus". The footer includes "Activate Windows Go to Settings to activate Windows" and a red "G" logo.

gambar) maka pada teknologi Edpuzzle ini kita akan menggunakan media video baik yang kita create sendiri maupun yang dapat kita temukan dari YouTube.

Paparan dari materi ini (modul PPT) meliputi mendaftar ke akun Edpuzzle, membuat kelas dengan Edpuzzle, menyunting video dan menambah interaktifitas, serta penugasan video.

Kita dapat mengintegrasikan penugasan video ke LMS Elitag dengan menggunakan 2 cara, yaitu :

1. Memberikan link tautan pada fitur URL Elitag
2. Menanamkan (embed) video pada halaman deskripsi Elitag, dengan tampilan sebagai berikut :
